Name of the Mentor: Dr. A. Das

Name of Mentees: 1. Mrinmoy Bera

2. Kartik Kisku

3. Dipan Pramanik

4. Anirban Pal

Mentor-Mentee is a usual process in the Department of Sanskrit. We marked that these boys could not do well in their previous examinations. Their power of expression was not up to the mark. Dr. A. Das taught them basic grammar and simple Sanskrit. He spent two hours with them. He also enquired of their problems and tried to solve them. After a few days their weakness has decreased and now they are very enthusiastic for the Sanskrit Literature. Although it is not recorded but the problems of these boys were taken care of by Dr. A. Das after a regular interval.

1. Aniket Guria Jul 16, 5, 2019 4-30 pm to 5-30 pm and
10. 6. 2019 4-30 pm to 5-30 pm

Subject of interaction: Problem of health.

Aniket has been suffering from some respiratory problem since many days. Due to this he could not attend the classes regularly. As a consequence it created some psychological problems to Aniket and he began to face much harm to his study.

It draws my attention and I met him outside the class. Then I had a serious discussion on his physical problem; I gave him some advice and mental boost up. I also discussed the matter with his guardian. Now Aniket is under medical treatment. I hope that he will be able to overcome his physical and mental problem in no time and able to give his entire effort to his study in future.

Student

Date and time

2. Premkumar Sardar

7.10.2018 4-30 - 5-30 pm

8.11.2018 4-30 - 5-30 pm

Subject of interaction: Personal problem.

Premkumar was very serious in class performance

from the very inception of the course. But in the second year he was found to be absent from the class regularly. I inquired of the reason and came to know that he is facing some family problem. Then I called him outside the class and tried to know the actual situation. I had an open discussion on his personal problem and gave some advice which made him free of some mental burden. Then in the long run, he was found normal and attentive to his studies like before.

3. Gopal Chandra Biswas

9.11.2018 4-30 - 5-30 pm

20.12.2018 4-30 - 5-30 pm

Subjects of interaction: Personal difficulty regarding subject (philosophy)

Gopal from the beginning was weak in

the subject. Sometimes he met me ~~outside~~ after class hours and told me about his problem. Then I tried to solve it through further analysis of the subject.

He also asked me to evaluate ^{some} ~~his~~ study materials, prepared by him. I verified them and corrected mistakes. In this way he got some encouragement and tried to do better in the examination.

Minutes of the Mentor-Mentee Meeting.

Group of the Mentee: 3rd year

Date: 23/08/17

1. Students are very much concerned about their own limitations.
2. Some students are facing problem in some subjects that already been covered in previous semesters. In contrast, some students have very good knowledge on that particular domain.
3. As a solution, it has been decided that those who have a good knowledge will deliver a lecture to motivate others. In this way friends can motivate other friends by clearing their doubts. Every student will be assigned a topic of their choice and they have to deliver lecture in English to improve their communication skill and smartness.

Prindam Sarraz

Mentor Mentee Meet

Dated : 16th February, 2019

B.Sc. 3rd year

Following are the points that were raised by the students collectively during the meeting.

1. The students requests that the number of books available for the short term loan from the library should be increased. In that case, the number of books available for the long term loan may be reduced.
2. Students also want the College authority to include the **Date of Birth** of the student and **Validity** of the id card information in their ID cards.
3. They have also complained regarding mosquitoes in the classroom, especially in those classrooms which are adjacent to the waste lands.

Resolutions taken with respect to the above points.

1. Vice Principal, Sw. Ekachittananda has been informed regarding the library books. Resolution was taken to obtain suggestions from the students for the books which they want to be available for short term loan. Students have been informed about it.
2. The College Authority has been informed about the inclusion of the student's **Date of Birth** and **Validity** of the id card information in their ID cards. They will look in to the matter.
3. The problem of mosquitoes in the classroom has been referred to the Campus development committee.

Mentor's report

Students are facing problems in their computer science (general) course and for that they are advised to consult respective teachers outside the class. Some students requested for their studies if teachers give them some pressure (in terms of exam or assignment) it will be helpful to them for the preparation of the course.

Year: 1st B.Sc. Chemistry (Hons)

— A Several Students (some who admitted and others who felt having difficulty in understandings) approached the mentor for remedial coachings. Roll no ~~topic~~ of the students applied for such special ~~to~~ classes (and the topics) —

239 → Thermodynamics

359 → VSEPR & hybridization

307 → thermodynamics (first law and zeroth law)

244 → thermodynamics (first law and reaction energy)

Sufficient no. of remedial class were then arranged to the satisfaction of the students

— A few of the students approached the mentor to express their difficulty in hearing the class lectures of some of the faculty members specially when they had to sit in the further away from the board. To Microphones were arranged in those classes

— Students are encouraged to do short term projects from different research institute of the country and both mentor and respective teachers always helped them to write research proposal and write up.

— Mentor arranged meeting with students. What we call 'open house', to discuss with students the syllabus content, the way it is covered and if any other grievances they have regarding exam question paper and ^{the marks they get in the} records. All faculty were present in the meeting to listen to the students and provide solution to any complaint / concern they had.

Mentor: Dr. Asadulla Mallick

Year: 2nd year, Chemistry (Hons)

- Students suggested to change the black board in room no 21 and has been done according to that after discussion with administration.
- The following students and many more approached to the mentor for difficult various topics and mentor arranged remedial session according to the particular teachers.
