1. History and Objective:

What is today the Ramakrishna Mission Vidyamandira, traces its origin to the educational ethos of Swami Vivekananda. True education, according to Swami Vivekananda, must enable a person to manifest all that is best in him by a harmonious development of head, hand, and heart. Such an education would not only combine in it the best elements of Eastern and Western culture but would at the same time hold aloft the Indian ideals of devotion, wisdom and morality so that it might meet the national temperament at every point. True to the Swamiji's vision as early as 1898 of a temple of learning combining the elements of the ancient 'Gurukula' tradition of India and the scientific temper of the West, Ramakrishna Mission Vidyamandira came into being on 4th July, 1941.

Vidyamandira was started as an Intermediate Arts college, under the auspices of Saradapitha, a branch of the Ramakrishna Mission in 1941. It was upgraded to a three-year degree college in July 1960. Indeed, its becoming 'A College with Potential for Excellence' as also being conferred with 'Autonomy' for 6 years by UGC in 2010, Vidyamandira's onward march through the passage of 79 years is a fascinating study of an educational Institute's bold strides, despite various odds, into the arena of higher education. Also, during the academic session 2006-2007, post-graduate teaching was introduced.

In the year 2013, to commemorate the 150th birth anniversary of Swami Vivekananda, the college established 'Swami Vivekananda Research Centre' to run M. Phil. and PhD programmes.

Also in the same year, in October 2013, the college was re-accredited by NAAC with Grade 'A'. In March 2014, the college was awarded the status 'College with Potential for Excellence' (CPE) for the second time by the UGC. During 2015-16 session, the college was awarded DST-FIST by the Central Government. The status of autonomy was renewed in 2016 by the UGC and was extended for another 6 years. Vidyamandira received the 'Star-college status' from the Department of Biotechnology, Government of India in 2019. Vidyamandira was ranked 9th by NIRF at the national level in the college category in the year 2022. The college is re-accredited by NAAC with A++, and its autonomy is renewed in 2022 and is extended for 10 years.

Graduate Attributes:

Swami Vivekananda wanted to rehabilitate the past glories of our motherland through an education which would not merely combine in it the best elements of Eastern and Western culture but would at the same time hold aloft the Indian ideals of devotion, wisdom and morality so that it might meet the national temperament at every point. Real education, he said, was that which enabled a person to stand on his own legs and helped him to manifest the perfection already in him by a harmonious development of his head, hand and heart. In his opinion, a balanced combination of the secular and the spiritual training constituted the true dimension of education.

1. Spiritual :

- a. Learn to be : The college encourages the students to dive deep into his own self and find out the immense potential divinity and perfection which are dormant. Once these are traced out and be allowed to operate within the personality, the real human being rises up.
- b. Contemplate-Introspect : The core values of the college tries to inject the young minds with a contemplative and introspective approach while spending the life moments. The Sattvika Guna is more welcomed instead of excessive flourish of Rajas and Tamas.

2. Ethical :

- a. Sincerity and dedication : The ambience of the college urges to its learners to become a dedicated individual who always strives to achieve the best of life only with the power of sincerity and devotion to work.
- b. Honesty and truthfulness : It is truth which wins always. It is honesty which pays more. Right from the beginning in this college, a student listens to these words.

3. Cultural :

- a. Open-mindedness to accept the diversity : The college is proud to have in its campus a multitude full with diverse backgrounds. At the same time, there is no untoward behavioural incidents recorded for along time where this diversity has been threatened. Rather different cultural, economic, social background get such a perfect blending, that at the end of the programme when they go back to their native places, tears of self-less love rolls down.
- b. Love – the best weapon to fight : The holy Mother, Sri Sarada Devi clearly stated that the selfless love is the key factor for which this great human civilisation has been able to survive. Students learn this great cultural value in this institution.
- c. Learn to work together : Differences of opinion, here never creates any bar to get involved in several activities of the institution. In fact, completely devoid of any

political activity, its Vidyarthi Samsad, is not an elected body. But, the in a year, it has been found that almost 100% students get involved in different types of activities. They themselves organise different programmes under the guidance of teachers and monastics. Even more, they go to far-off villages, slum areas on their own, survey the poverty-stricken areas and then collect the required items for those people and then give away those to the needy ones.

4. Academic :

- a. Learn to Know : Knowledge is not something that ends with an examination, not it is bordered by any syllabus ; rather it is something which always demands to go beyond the pages of the books and notes. Here, in this college, students are always encouraged to acquire the art of knowing. There is no private tuition. Peer group learning, self study, library consulting, self e- learning are some important pillars that this college has been able to build up during these years.
- b. Zero pressure pleasure learning : The college always encourages not to get pressurized by the load of syllabus, by the expectation of results of examination, by the demand of future progression. It always teaches that learning should be a pleasant experience. By the grace of almighty, the percentage of mental set back due to study and/or results in any type of examination is almost nil in this college.

❖ It is in the context of a fully residential setting that a typical day in Vidyamandira will be looked at. Indeed, Vidyamandira, tracing as it does its origin to Swami Vivekananda's vision of a temple of learning - effortlessly combining the elements of Gurukula tradition of India and the scientific temper of the West, quite suitably opted for an infrastructural lay-out in which the academic buildings and the dormitories would be in close juxtaposition – making education a lived experience.

❖ Against the backdrop of such a setting, let us now trace the progression of a typical day in Vidyamandira.

- Morning shows the day: Vidyamandira is literally up with the lark. Waking up to the rising bell rung at 5.00 AM, the students get prepared to go to the shrine in their respective hostels. The morning prayer, under the ministrations of the resident monk of the hostel, consists of meditation, simple hymns and devotional songs. Prayer and meditation gives their minds an undercurrent of poise like the lingering sound of the bell rung in the early morning.
- As the day wears on: Indeed, starting the day with Raja yoga, the students step into the rest of the day, their minds calmed and focused.
- It is with reasonably concentrated minds that they set down to morning study and attend the classes afterwards.
- The day ahead for a student is necessarily full of interactions with the teachers and fellow-students. What can make such interactions respectful and loving is the implicit recognition of the divine in every being. Such an attitude easily makes one's heart warm up to others. The students are inspired to cultivate this noble emotion, thereby practising Bhakti yoga in their interactions with others.
- The day often springs surprises in the form of dilemma of choice. It is the power of discrimination that enables a student to settle for the desirable, avoiding the pleasurable. The Indian Spiritual tradition is verily the tradition of holding on to what is desirable, giving up the pleasurable. Through the regular holding of classes on Spiritual Heritage of India, our students are acquainted with such priceless principles and inspired to make the right choice through the exercise of reasoning. This is verily the practice of 'Jnana yoga'.
- In their dealings with others throughout the day, the students are always encouraged to practise unselfishness – the hallmark of 'Karma yoga'. Their practice of 'Karma yoga'

becomes quite evident in their participation in various social service activities conducted by the college.

- The evening descends: As the day draws to a close, it is again time for prayer and meditation. After the hard day's toil, the boys taste true mental repose in the peaceful environment of the shrine.
- ❖ Exposed to the above mentioned practices day after day, our students quite unobtrusively develop concentration of mind, warmth of heart, power of decision making, & unselfishness. These character treasures verily enable them to manifest their inherent perfection in the form of academic excellence and express their innate divinity in the form of unselfish behavior. Indeed, Vidyamandira, through the concerted efforts of monks, teachers, and supporting staff, is ever busy sustaining such a distinctive environment to help the students flower into ideal citizens of our country and into noble human beings for the world at large.

Location:

Vidyamandira is located adjacent to the Headquarters of the Ramakrishna Math & Ramakrishna Mission at Belur, amid peaceful and elevating surroundings. It is on the Grand Trunk Road, 10 kilometres from Kolkata and nearly 7 kilometres from the Howrah Station, and is connected to both, by regular bus, train and launch services. Ramakrishna Mission Vivekananda Educational Research Institute (RKMVERI) is just opposite to Vidyamandira. The college is purely residential, i.e. all the students compulsorily reside in its hostels. Spread over a big campus, the institution has six college buildings (including the library block), six hostels, a dining hall, a guest-house, a spacious auditorium (the Vivekananda Sabhagriha), four seminar/conference halls and two large playgrounds. The capacity of the auditorium is 835. 7.4 Online Classes

Ramakrishna Mission Vidyamandira students take active participation in NPTEL and SWAYAM courses. The objective of this effort is to bring the best teaching learning resources to all, including the most disadvantaged. These are the projects funded by MHRD, Govt. of India. Vidyamandira became the Local Chapter of NPTEL and then became its Golden Partner. After completion of the examination successfully, students secured certificates from IITs and IISc. More than 200 students registered their names in these two courses in the previous academic session. Ramakrishna Mission Vidyamandira has also been associated with 'INTERNSHALA', which is an initiative by NPTEL for the internship programme of our students. This program is designed to provide students with valuable leadership experience and strengthen the internship culture.

These stipends are met from funds and endowments created out of donations etc by several well-wishers, admirers of the Mission ideology, ex-students and benevolent public. There is also a token contribution from our students from their regular fees.

The amount of monthly stipend given to an individual student varies from Rs. 100/- to Rs. 2000/-. A fairly large amount is disbursed each year as scholarships and stipends.

Students must wear only white dhotis and white shirts /white panjabis while attending prayers in the hostels.

16. Hostel:

The Vidyamandira being a fully residential college, its hostels form an integral part in the scheme of an all-round education imparted by it. These are run on the principles of the ancient Gurukula and as such pay special attention to the training of those aspects of a boy's personality which enable him to become accomplished as a 'complete man'.

Resident superintendents who are monastic members of the Ramakrishna Order are in charge of the hostels. At present there are six hostels or bhavans— Vinay Bhavan, Vidya Bhavan, Shraddha Bhavan, Sree Bhavan, Vivek Bhavan and Shanti Bhavan. The total accommodation in the six hostels is approximately 750. The Principal/ Vice-Principal will decide, at the beginning of each session, the in which hostel a boy will be put up. The allotment of rooms and seats is made according to the discretion of the superintendents. The transfer of a student from one hostel to another will require the permission of the Principal/ Vice- Principal.

Hostel facilities:

- Boarders will be supplied with bedsteads and tables. They must bring their own bedding (including bed, bed-sheet, bed-cover, table-cloth and mosquito curtain) and also bring with them a plate, a glass, a cup, three sets of college uniform, two sets of white dhoti & punjabi and other articles of use which should be new as far as possible. Every boarder is also expected to have undergone a course of tetanus toxoid. Students carrying any chronic illness must report the same before admission to the college. Seats at the hostel must not be changed, nor the furniture removed without the permission of the Hostel Superintendent. Any damage done to the fittings or furniture will incur fines.
- Boarders must keep their own rooms perfectly clean and their things decently arranged. Besides, they are to wash their own utensils after meals and tiffin and keep them in their proper places.
- All our hostel rooms have been provided with tubelights and fans. Two stand-by generators are available in case of power-cuts. No lanterns/torches must be used for late-night study after 11 pm, however.
- Purified drinking water is available at all the hostels. Solar water heating apparatuses have been installed out of UGC funds and hence hot water is available throughout the year.
- A boys' store, where boys can purchase items of daily use, operates within the college premises.
- A salon functions in the hostel campus.
- A photocopier unit, where students and staff can get their relevant materials photocopied on payment of requisite charges is also operative.
- Two canteens for students, teachers and staff of Vidyamandira are being operated within the campus.

17. Co-curricular Activities:

In addition to academic education, co-curricular activities form an important aspect of student-training in Vidyamandira. This blend of academic and non-academic activities help in the harmonious development of head, hand and heart.

The co-curricular activities may briefly be classified as below:

(a) Physical:

Vidyamandira has rich facilities for sports and games as well as athletics. It has a large playground which is used for football, cricket, volleyball, badminton and other athletic events. A well-equipped multigym has been set up with modern facilities. The trainer at the multigym also teaches the boys yogasanas. In addition to these, the boys play indoor games like carom and table tennis. Annual athletics meet is held regularly and the successful competitors are awarded prizes and trophies.

A separate unit of the senior NCC (National Cadet Corps) has been in existence in the Vidyamandira since August 1959. There is an arrangement for imparting training to the cadets within the campus of the college under the able supervision of monastic members and trained officers. One of our teachers is the Captain of the Vidyamandira NCC Unit. It is to be noted that periodical camp life forms an essential part of NCC training.

An NSS (National Service Scheme) unit started functioning from June 1970. The unit provides scope for the student-volunteers to participate in such social works as environmental cleaning, running literacy centre for the illiterate and coaching classes for poor school boys of the locality, relief work, gardening, etc. Vidyamandira students reach out to poor and needy students of the locality and serve them with study-materials under 'Brahmananda Book Bank' scheme.

First year degree students must compulsorily take part either in the NCC (National Cadet Corps) or the NSS (National Service Scheme). Interested students of other years are also encouraged to participate.

All the college-students, on rotational basis, have to join college cleaning programme on Sunday mornings.

(b) Cultural & Intellectual:

A college magazine named 'VIDYAMANDIRA PATRIKA' is published annually in co-operation with the boys. A wall-magazine is also periodically brought out from the college under the name of 'Shraddha' with the help of the students. Besides this, wall-magazines are brought out by all hostels and departments individually. Occasionally, bulletins and periodicals are published by different departments. Students take part in college annual cultural competitions such as extempore speech, debate, quiz, music, drama, drawing, recitation etc. These help them to develop their aesthetic faculties. Prizes are awarded for good performance in these competitions. To widen their outlook on life and stimulate their intellectual curiosity, they are occasionally taken out to excursions to various centres of religious, cultural or academic interest. Conducting weekly seminars/discussions by eminent scholars on topics of contemporary interest is one of the regular features of the intellectual life of the college.

A forum for reading poems and discussions on related topics of literature has been introduced under the title 'Kabitar Adda'. Selected writings, especially from teachers and students, are periodically published as books under the banner of this forum.

Students participate in off-campus cultural and other co-curricular competitions quite regularly.

(c) Spiritual and other activities:

Prayer, consisting of silent meditation, simple hymns and devotional songs, is regularly held in the hostels both in the morning and evening. Participation in prayer is compulsory for all the students. With a view to acquainting the students with the fundamentals of the Spiritual Heritage of India, regular classes are held in the college.

The boys organize various kinds of socio-religious functions and festivities and take part in the national festivals. Moreover, they participate in the periodic religious celebrations at Belur Math.

The students are taught to be self-reliant, active and practical and are encouraged to develop a sense of social obligation and responsibility. They clean their rooms, look after the shrine and attend on their sick brothers. They are made to feel that the hostel is their home.

18. Anti-ragging Cell:

Right from its inception in 1941, ragging is conventionally banned in this institution. However, in keeping with the UGC guidelines, an anti-ragging cell has been formed which meets regularly to take note of cases of ragging, if any and suggests necessary actions.

- UG / PG 1st year students have to submit an online anti-ragging affidavit declaring that they won't take part or encourage any such act of ragging in the campus.
- Ragging is totally prohibited in this college and anyone found guilty of ragging and / or abetting ragging, actively or passively or being a part of a conspiracy to promote ragging is liable to be punished in accordance with the UGC regulations on curbing the menace of ragging in HEIs, 2009 as well as under the provisions of any penal law for the time being in force.
- The mobile nos. of the members of the anti-ragging cell are:
 1. Swami Mahaprajnananda (Principal): 9831098740

- (ii) All students must regulate their lives according to the prescribed routine for study, work and prayer. They will have to keep to the simple standard of living maintained in the hostel and do their own works themselves as far as practicable and be regular and punctual in all activities.
- (iii) To be absent from class while being present in the hostel, unless a student is physically unfit or is specially permitted by the superintendent, is deemed as a breach of discipline.
- (iv) No student is permitted to go outside the college campus during college hours without permission from the college authorities. Gate-passes from superintendents will be required during hostel hours (other than college hours) except from 4 pm to 6 pm.
- (v) A student while leaving the hostel for his home or other sundry works elsewhere, must record the details about the purpose of the leave and the time of departure, the destination and the expected time of his arrival in the Hostel Leave Register.
- (vi) Students are allowed to go home during long vacations namely, the Summer Recess, the Puja and the Winter Holidays. It is to be noted that visiting home frequently is discouraged as it interferes with study and the continuity of the disciplined hostel life. Except under special circumstances, nobody is allowed to stay outside after dusk.
- (vii) If any student overstays leave or is found not present in the college and the hostel on the reopening date of the college from the very first period after any vacation or holidays, he will be charged a fine of Rs.500/- on daily basis.

In the latter case, the mobile should be handed over to the superintendent/hostel gateman immediately after returning to the hostel.

- (xv) Purchasing of periodicals etc. by individual students should be done with the permission of the concerned hostel superintendent.
- (xvi) Vidyamandira, being a residential college under the Ramakrishna Mission, which is a non-political body, the students of this institution must keep scrupulously away from any kind of political activity.
- (xvii) Students considered unfit to continue owing to health grounds, bad attendance, indiscipline or unsatisfactory conduct are also liable to be removed from the college. Smoking and other forms of addiction are strictly prohibited in the hostel and college. These are punishable with fines as per government rules.
- (xviii) Private tuition is discouraged in this institution.
- (xix) Guardians will be intimated periodically on the ward's academic progress and the growth along moral dimension.
